- 1. An isolated nucleic acid molecule comprising at least 24 contiguous bases of nucleotide sequence first disclosed 5 in the NHP sequence described in SEQ ID NO: 1.
  - 2. An isolated nucleic acid molecule comprising a nucleotide sequence that:
    - (a) encodes the amino acid sequence shown in SEQ ID

      NO: 2; and
    - (b) hybridizes under stringent conditions to the nucleotide sequence of SEQ ID NO: 1 or the complement thereof.
  - 3. An isolated nucleic acid molecule according to Claim 1 wherein said nucleotide sequence is present in cDNA.
  - 4. An isolated nucleic acid molecule according to Claim 3 encoding the amino acid sequence described in SEQ ID NO:2.
